Dear Licensee:

This is in reference to the request filed January 8, 2020 on behalf of Silver State Broadcasting, LLC ("Silver State"). Silver State is attempting to address an interference situation relating to its translator on Channel 284. The STA seeks operation on Channel 276D to eliminate the interference on Channel 284. However on Channel 276 there would be a conflict with recently deleted station DKQLS-LP. The deletion of KQLS-LP is on appeal and consequently not final.

The STA request will be dismissed, for two independent reasons. First, it has been our longstanding practice not to grant STA requests to change channel via an STA. A construction permit application on Schedule 349 must be filed and granted before a channel change can occur.

Second, the licensee of DKQLS-LP (Chinese Voice of Golden City) is entitled to have its appeal reviewed in a timely and thorough manner. Toward that end, we will not issue conflicting authorizations for other facilities that might impair, or appear to impair, a fair and impartial review. Any application for Silver State's use of Channel 276 that does not fully protect DKQLS-LP -- including STA requests -- will not be considered until the matters surrounding DKQLS-LP are disposed of and final.

Consequently, your STA request for K284CW is DISMISSED.

Sincerely,

Dale Bickel
